## TRAIN ON TIME

W. & C. R. WILL HEREAFTER  
BE MORE REGULAR.

Joseph McCabe Assures the Commercial Association That Better Train Service Will Be Furnished—Beginning Today the W. & C. R. Train Will Arrive at 11 A. M. and Leave Not Later Than 7:30—Race Track South of Town Discussed.

Beginning today, Joseph McCabe, vice-president and general manager of the Washington & Columbia River railway, promises that the local train will arrive in Pendleton from Pasco not later than 11:30 o'clock each morning, departing in the evening at 7:30 o'clock.

Mr. McCabe and the members of the Commercial Association met yesterday afternoon at the request of the latter, to discuss the question of a better train service over the Washington & Columbia River line.

"Gentlemen," said Mr. McCabe, "I was whipped before I came over from Walla Walla. Beginning tomorrow the train from Pasco will be run on time. I have realized for some time that the uncertainty of the arrival of the train interfered with travel, and now it will be remedied. Hereafter there will be no delays on account of freight. Extra crews will handle that. The train has been running three times a week to Athena, but those trips will be cut out."

Leon Cohen, one of the largest merchants in the city, said: "Mr. McCabe, I desire some of your routing blanks."

"You can count me in, too," chimed in R. Alexander, and the double request for routing blanks was made trible by C. E. Roosevelt.

A vote of thanks was extended Mr. McCabe and the W. & C. R. by the association.

## Race Track Discussed.

Thomas Thompson submitted a letter received from C. S. Jackson, manager of the Oregon Daily Journal, in which the latter stated that he had talked with President Calvin of the Oregon Railroad & Navigation Company, relative to a fair and racing association in Pendleton. Mr. Calvin, according to the letter, offered to lend his assistance in advancing the project.

Those interested in a racing association have in view the purchase of land on the hill south of Pendleton. When A. L. Mohler was at the head of the O. R. & N., he offered to pump water to the grounds at the rate of 7 cents per 1000 gallons. A committee composed of Leon Cohen, Thomas Thompson and C. E. Roosevelt, was named to find out on what terms the company will now agree to pump the water.

## OREGON PITCH INDUSTRY.

Retail Price of Pine Pitch is \$8 Per Barrel on Local Market.

During the past few weeks County Judge Stewart has been trying to ascertain the amount of damage done by the recent forest fires in this county, says the Albany Democrat.

He has not yet heard from all points, but one thing already demonstrated is that by far the greatest loss has been in Townships 11 and 12 one East, particularly in the Hamilton creek country and the cause of this is rather peculiar.

A great many trees in the forests in that locality have been bored for pitch, and whenever a fire comes in contact with one of the trees it is burned to the ground, while otherwise the fire would have passed by and in most cases have done no harm.

A great deal of pitch is bought at Lebanon and shipped east. As the local price is about \$8 per barrel and one boring of a tree will sometimes produce eight or 10 gallons, the business of gathering it has proven remunerative and quite a number of people are engaged in it.

A fact to be deplored is that many of these parties do not confine their boring to trees upon their own land, but they trespass upon others and bore whenever they can find a good pitch tree. This not only injures the tree so that it will never make first-class lumber, but also makes the tract of timber much more subject to the ravages of forest fires.

This is an entirely new form of trespass and the results are in many cases so damaging that there is already some talk among timber owners of bringing the matter before our next legislature and asking for relief.

## Saves Two From Death.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland of Armonk, N. Y., "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for coughs and colds. 50c and \$1.00 bottles guaranteed by Tallman & Co. Trial bottles free.

## NATURE SPARES

## The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the roes of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the brows of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpticide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample.
